Please see the memo above. ^{at p 1 of memo}
The draft ad hoc rules submitted by the D.G. & S. at 14.3.46 ^{highly important}
~~without effect at p 74~~ No remarks are called for on the draft rules except in
respect of rule 9(i) where 'increments' and 'efficiency bar' are specified.
It is submitted that the post of Ceramic Assistant carries only
a fixed pay and the terms 'increments' and 'efficiency bar' are
inappropriate. They may therefore be omitted in the rules. Subject
to this, a draft rule embodying the rules is submitted below for
approval. It may be sent to R.S. for perusal and
to Legal for scrutiny of the draft stipulations.

The words "or withhold promotion of" may
also be omitted from rule 9(i). The draft

The file relates to the proposal ^{to} of issuing ad hoc rules
for the temporary posts of Ceramic Assistant and Supervisor men-
tioned in G.O.No.1592 Development dated 17-4-46. The following
remarks seem called for on the draft rules.

Draft ad hoc rules relating to the temporary post of
Ceramic Assistant.

(1) Rule 6. The age rule prescribed for appointment by
direct recruitment is generally with reference to the 1st July
the year in which the selection is made and not with reference
to the 15th July of the year, as stated in the rule ^{- compare} ~~the~~ rule

rule 5 of the rules issued in the G.O. at (J). Development may be requested to correct the date

2) Alterations indicated in pencil in draft rule may also be made.

Draft ad hoc rules relating to the temporary post of Supervisor.

(I) Development propose to make the rule issued in G.O.No.1930 Development dated 1-5-44 applicable to the temporary post of Supervisor sanctioned in G.O.No. 1592 Public (Services) dated 17-4-46. The post of Supervisors in the Madras Industries Subordinate Service are within the purview of the Commission--see item 3(m) on p.13 of Services Manual, Volume I. Hence the rules issued in G.O.1930 Development dated 1-5-44 should have been referred to the Commission for its concurrence before issue. The case was not seen by this department and a copy of the G.O. does not appear to have been sent to the Commission also. Development may be requested to explain the circumstances for not consulting the Commission before the rules were issued and to obtain its concurrence now along with the amendments proposed in notification II in the draft order below.

2. A rule may be added at the end of the rules issued in G.O.No.1930 Development dated 1-5-44 specifying the authority competent to impose the penalties prescribed in the Classification, Control and Appeal Rules and the appellate authority. It does not seem that amendments to the Classification, Control and Appeal Rules were issued at the time when the rules in G.O. were issued.

With these remarks the file may be passed on to

Legal:

Draft notification I below.

Subordinate Service Rules, General Rule 19(a) does not ^{also} apply to posts in Class V which the temporary post of Ceramic Asst will form a distinct category.

Draft Notification II

2 Item 3(m) in Annexure I to the M.P.S.C. Regulations, 1937 obviously refers to Supervisors of Industries included in category 4 of Class I of the Madras Industries Subordinate Service. The temporary post of Supervisor referred to in the G.O. at flg ⑦, on the other hand, constitutes a separate category in Class V of the Service and carries a scale of pay lower than that attached to a Supervisor in Class I. The temporary post of Supervisor in question is therefore not the one referred to in the Regulations. In this view, consultation with the Commission was not necessary before the rules at fl ⑦ issued. In order however to avoid confusion it would be better if the temporary post is given some ^{other} designation. Is the position as stated above correct?

3 The post of Supervisor in the G.O. at fl ⑦ carries a time scale of pay - Rs 55-72-75 whereas the one sanctioned in the G.O. at ⑧ carries a fixed pay of Rs 55. The amendments should bring this out.

22/9/46

Para.1 of A.S's note on p.2-3 ^{above.} ~~auto.~~

Rule of communal rotation or proportion (General Rule 19(a) and (b)) applies only when it is specifically laid down in the special rules that this rule will apply in making

appointments to the posts. Under rule 4 of the Madras Industries Subordinate Service Rules the rule of communal rotation (General Rule 19(a)) applies only to certain specified posts in the service. This rule does not apply to any of the posts in class V of the Service. As the temporary post of Ceramic Assistant is proposed to be constituted as a separate category in class V of the service the rule of communal rotation will not apply. It does not therefore seem necessary to make a special rule for this purpose.

Development may be requested to omit draft rule 5 in Notification I.

25/5/46

Para. 2 of A.S.'s note on p. 3 ante.

Item 3(m) in Annexure I-B to the M.P.S.C. Regulations refers to "Supervisors in the Madras Industries Subordinate Service". It does not refer to the particular class or category. So, if Supervisors are included in other classes they may automatically become within the purview of the Commission with reference to item 3(m) referred to above. It would therefore be better as suggested by A.S. that the temporary post of Supervisor is given some other designations. If this is done consultation with the Commission will not be necessary.

Annexure I-B to Regulations will show that the Com. does not concern itself with selection to lower paid posts in sub-divisions.

A
Dev. may consider this suggestion.

Para. 3 of A.S.'s note on p. 3 ante.

The position stated by A.S. is correct. Development may be requested to amend draft notification II suitably.

Draft notification no. II - The Public (Cer.) Dept. point out that
as the post of Supervisor in the Madras Districts Subordinate Services is one
of the posts coming within the purview of the Madras Public Service
Commission, that body should be consulted on these rules and should
have been consulted on previous occasions also when issuing old rules
in respect of the post of Supervisor. They suggest that to avoid
this irregularity, the designation of the post should be changed to ~~that of~~
to avoid this irregularity. It is submitted that item 3(m) in Annexure IB

of the

Industries Subordinate Service. A reference to Vol. III of the Madras Services Manual containing the special rules in respect of the Madras Industries Subordinate Service will show that the service consists of 8 Classes and several categories in those classes. Of these classes, Class I include posts of Supervisor of Grade I and II and the qualification for such Supervisors are given in the Annexure to those special rules at pp. 120-121. ^{of M.S. Manual Vol. III} The ~~prescribed~~ ^{prescribed} qualification for posts of Supervisors in Class I of the Madras Industries Subordinate Service include Engineering qualifications. ^{like the Diploma Courses in Civil Engineering etc.} It is submitted that the Supervisor contemplated in Draft Notification II correspond to Class V of the Madras Industries Subordinate Service. The post of Supervisor is not ^{included} in Class V of the Service. ~~at pp. 113 of M.S. Manual Vol. III.~~ The qualifications prescribed for the post included in Class V of the Service will show that these posts are low paid and are only such as can be filled by skilled workmen without any appreciable Engineering qualifications. In view of these facts and in view of the circumstances that Annexure IB to the Public Service Commission Regulation does not concern itself with low paid posts in the Subordinate Service, the ad hoc rules in respect of Supervisors corresponding to Class V of the Madras Industries subordinate Service have not been issued in consultation with the P.S.C. on previous occasions - Vide G.O. Ms. 1930 Rev. d. 1.5.44 at (J).

and G.O. No. 5240 Dev. d. 12.12.1944 at (H). In view of these reasons Pub. (Ser) may be requested to reconsider whether it is still necessary ~~as xxxxxxxx xxx~~ ^{for this or these ad hoc rules} to consult the P.S.C. if the designation of supervisor is retained. It is submitted that the designation of these posts is Supervisor for Ceramic production or Supervisor ~~xxx~~ at the Ceramic Training Centre and not Supervisor of Industries. Class V to which these posts correspond does not mention the post of Supervisor. Legal may perhaps also advise on this matter.

If however, the proposal of Pub (Ser) Dept. to change the designation of the posts will be implemented, it is submitted that ~~amendments~~ ^{will} have to issue in respect of all such ad hoc rules and in respect of the orders sanctioning such posts. If so, the D.I. & C. may be requested to suggest a suitable designation to the post of Supervisor corresponding to Class V of the Industries Subordinate Service and submit a list of cases involving amendments to the

orders already issued. Subject to orders, a draft memo to the D.I.& C. is submitted below for approval. It may issue after perusal by Public (Services) and Legal.

Action in respect of 'B' on p.6⁴ above will be taken while putting up a fresh draft notification after the remarks of D.I.& C. for the draft memo⁴ are obtained. As it is likely that the issue of the rules contemplated in Notification 11 will be delayed, it is for orders whether the clean copy of draft Notification I embodying the amendments of Pub(Ser) and Legal may issue now, as there are no complications in respect of that notification

W 11/11/46

If item 3(m) in Annexure 1-B to the
M.P.S.C. Regulations, 1937, had used the
expression "Supervisors of Industries", then
there will be no doubt that it does not include
the "Supervisor of Ceramic Production" or
"Supervisor at the Ceramic Training Centre".
But the expression actually used therein is
"Supervisors in the Madras Industries Subordinate
Service". It cannot be stated that a "Super-
visor of Ceramic Production", is not a Super-
visor in the Madras Industries Subordinate Service.
There is therefore the possibility of confusion
between the two kinds of Supervisors. It was
for this reason that this department suggested
that the designation of the temporary post might
be changed. If Development consider that there
is no confusion and that the Commission ^{will} ~~do~~ not
^{on a future date} ~~also~~ raise any objection, this department will
not press for the change in designation. Legal
will no doubt advise whether a change is neces-
sary or not.
